Re: Request for Special Temporary Authority  
Hagerstown, Maryland Earth Station E030071

Dear Ms. Dortch:

Intelsat License LLC (“Intelsat”) herein requests a grant of Special Temporary Authority (“STA”)<sup>1</sup> for 60 days, commencing August 10, 2017, to use its Hagerstown, Maryland C-band earth station—call sign E030071—to provide Telemetry, Tracking, and Command (“TT&C”) services to Intelsat 35e (call sign S2959) at its permanent location of 34.5° W.L.<sup>2</sup> Intelsat has a pending application to permanently modify its E030071 license to support Intelsat 35e TT&C services at 34.5° W.L.<sup>3</sup>

The proposed operations will be performed at the following center frequencies: 4197.75 MHz, 4198.25 MHz, 4198.75 MHz, and 4199.25 MHz (space-to-Earth); and 5853.0 MHz and 6424.5 MHz (Earth-to-space).

In further support of this request, Intelsat incorporates its pending modification application,<sup>4</sup> which includes technical information that demonstrates that the operation of the earth station will be compatible with its electromagnetic environment and will not cause harmful interference into any lawfully operating terrestrial facility.

The proposed operations at 34.5° W.L. will be consistent with Intelsat’s coordination agreements for the nominal 34.5° W.L. In the unlikely event that harmful interference occurs, Intelsat will take all necessary steps to eliminate the interference.

---

<sup>1</sup> Intelsat has filed its STA request, an FCC Form 159, a \$200.00 filing fee, and this supporting letter electronically via the International Bureau’s Filing System (“IBFS”).

<sup>2</sup> See *Policy Branch Information; Actions Taken*, Report No. SAT-01191, SAT-LOA-20160408-00034 (Oct. 7, 2016) (Public Notice).

<sup>3</sup> See Intelsat License LLC Modification of Hagerstown, MD Earth Station License, Call Sign E030071, to add Intelsat 35e (S2959) as a Points of Communication, File No. SES-MOD-20170707-00744 (filed July 7, 2017).

Grant of this STA request will allow Intelsat to provide TT&C services to the Intelsat 35e satellite at 34.5° W.L., which ensures safe station-keeping of the satellite. This, in turn, will help ensure continuity of service at the 34.5° W.L. orbital location and thereby promotes the public interest.

Please direct any questions regarding this STA request to the undersigned at (703) 559-6949.

Respectfully submitted,

A handwritten signature in blue ink that reads "Cynthia J. Grady". The signature is written in a cursive style with a large, stylized initial 'C'.
