

APPLICATION FOR EARTH STATION SPECIAL TEMPORARY AUTHORITY

APPLICANT INFORMATION Enter a description of this application to identify it on the main menu:
Request for Extend STA to Test E160022 for an Additional 30 Days

1. Applicant

Name:	SES Americom, Inc.	Phone Number:	202-478-7143
DBA Name:		Fax Number:	202-478-7111
Street:	1129 20th Street NW Suite 1000	E-Mail:	petra.vorwig@ses.com
City:	Washington	State:	DC
Country:	USA	Zipcode:	20036
Attention:	Ms Petra A Vorwig		

File # SES-STA-2017-0824-00946
Call Sign W0002 Grant Date 8-31-17
(or other identifier)
Term Dates
From: 9-7-17 To: 10-7-17
Approved: [Signature]

Applicant: SES Americom, Inc.
File No.: SES-STA-20170824-00946
Call Sign: E160022
Special Temporary Authority (STA)

File # SES-STA-20170824-00946
E160022
Call Sign _____ Grant Date 8-31-17
(or other identifier)
Term Dates
From: 9-7-17 To: 10-7-17
Approved: Paul E. [Signature]

SES Americom, Inc. ("SES Americom") is granted extension of STA for up to 30 days to test a new 9.2 m antenna, manufactured by SES, at South Mountain, California (34°19' 31.9" N.L./118° 59' 41.4" W.L.) with space station AMC-16 (Call Sign S2181) at orbital location 85 degrees W.L. in the frequency bands: 28.4-28.6 GHz (Earth-to-space), 29.5-30.0 GHz (Earth-to-space); 18.6-18.8 GHz (space-to-Earth), 19.7-20.2 GHz (space-to-Earth) under the following conditions:

1. The 17.8 - 20.2 GHz band is shared with U.S. Government space stations and associated earth stations in the fixed-Satellite Services. Services within the United States over the satellite network of which this is a cooperating earth station are subject to coordination under US334 and operation of the earth station(s) authorized herein will be subject to any technical constraints resulting from this coordination. See 47 C.F.R. Section 2.106, Footnote US334.
2. Operations under STA are limited with transmit and receive emission carriers N0N (LHCP and RHCP) at maximum 40.5 dBW/4kHz eirp density not to exceed the proposed level under IBFS File No.: SES-MOD-20170601-00617.
3. SES Americom shall not cause harmful interference to, and shall not claim protection from, interference caused to it by any other lawfully operating station and it shall cease transmission(s) immediately upon notice of such interference.
4. Grant of this authorization is without prejudice to any determination that the Commission may make regarding IBFS File No.: SES-MOD-20170601-00617 or any other pending or future application filed by SES Americom.
5. Transmitter(s) must be turned off during antenna maintenance to ensure compliance with the FCC-specified safety guidelines for human exposure to radiofrequency radiation in the region between the antenna feed and the reflector. Appropriate measures must also be taken to restrict access to other regions in which the antennas' power flux-density levels exceed the specified guidelines.
6. The licensee shall take all necessary measures to ensure that the antenna does not create potential exposure of humans to radiofrequency radiation in excess of the FCC exposure limits defined in 47 CFR 1.1307(b) and 1.1310 wherever such exposures might occur. Measures must be taken to ensure compliance with limits for both occupational/controlled exposure and for general population/uncontrolled exposure, as defined in these rule sections. Compliance can be accomplished in most cases by appropriate restrictions, such as fencing. Requirements for restrictions can be determined by predictions based on calculations, modeling, or by field measurements. The FCC's OET Bulletin 65 (available on-line at www.fcc.gov/oet/rfsafety) provides information on predicting exposure levels and on methods for ensuring compliance, including the use of warning and alerting signs and protective equipment for workers.

7. In the event that there is a report of interference, SES Americom must immediately terminate transmissions and notify the FCC in writing.
8. Any action taken or expense incurred as a result of operations pursuant to this special temporary authority is solely at SES Americom's own risk.
9. This action is issued pursuant to Section 0.261 of the Commission's rules on delegated authority, 47 C.F.R. § 0.261, and is effective immediately.

FCC NOTICE REQUIRED BY THE PAPERWORK REDUCTION ACT

The public reporting for this collection of information is estimated to average 2 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the required data, and completing and reviewing the collection of information. If you have any comments on this burden estimate, or how we can improve the collection and reduce the burden it causes you, please write to the Federal Communications Commission, AMD-PERM, Paperwork Reduction Project (3060-0678), Washington, DC 20554. We will also accept your comments regarding the Paperwork Reduction Act aspects of this collection via the Internet if you send them to PRA@fcc.gov. PLEASE DO NOT SEND COMPLETED FORMS TO THIS ADDRESS.

Remember - You are not required to respond to a collection of information sponsored by the Federal government, and the government may not conduct or sponsor this collection, unless it displays a currently valid OMB control number or if we fail to provide you with this notice. This collection has been assigned an OMB control number of 3060-0678.

THE FOREGOING NOTICE IS REQUIRED BY THE PAPERWORK REDUCTION ACT OF 1995, PUBLIC LAW 104-13, OCTOBER 1, 1995, 44 U.S.C. SECTION 3507.

12. Description

SES Americom, Inc. respectfully requests to extend the special temporary authority (STA) granted under file number SES-STA-20170728-00834 for an additional 30 days to permit SES Americom to test its newly constructed antenna located at its teleport in South Mountain, California, which is described in File No. SES-MOD-20170601-00617 (Call Sign E160022). The current STA expires on September 6, 2017.
