Attention: Mr. Paul Blais,
Chief, Systems Analysis Branch of the Satellite Systems

Subject: STA delay and extension

Reference: SES-STA-20171031-01225

Dear Paul,

The referenced STA was granted to support the Galileo orbit raising campaign from the Universal Space Network Hawaiian ground station beginning January 18, 2018 thru February 14, 2018. The orbit raising has been delayed and additional orbital maneuvers are now required by ESA. Universal Space Network is submitting this additional STA to request authorization to support from January 25, 2018 thru March 4, 2018.
