

REQUEST FOR SPECIAL TEMPORARY AUTHORITY

Capitol Broadcasting Company, Inc. (the “Applicant”) respectfully requests special temporary authority (“STA”) to operate E180004, a satellite truck for use during severe weather storms, prior to the grant of its pending license application.¹ On January 12, 2018, the Applicant submitted an application for permanent authority to operate the severe weather satellite truck. The application was accepted for filing in January 24, 2018. Petitions to deny the application were due February 23, 2018. To Applicant’s knowledge, no petitions were filed against the application. In light of the approaching severe weather season, the Applicant respectfully requests that this STA request be granted as soon as possible in order to provide service to the public while the license application is pending. The Applicant submits that a grant of this STA request will serve the public interest by allowing the Applicant to provide potentially life-saving news and weather information as soon as possible using this satellite truck.
