Applicant: AT&T Corp.
Call Sign: E180099
File No.: SES-STA-20180417-00361
Special Temporary Authority (STA)

AT&T Corp. is granted STA to operate a 9.2 m General Dynamics, model GD9.2ML antenna fixed earth station for 60 days at location 39°16' 39.3" N/ 104° 48' 26.8" W (WGS84), Castle Rock, Colorado on frequencies 14000-14500 MHz (Earth-to-space) and 11700-12200 MHz (space-to-Earth) with Galaxy 16 (Call Sign S2687) at orbital location 99.0° W under the following conditions:

1. Operations under this authority are on a non-interference basis only.
3. Operations under this authority are on a non-protected basis only.
4. In the event that there is a report of interference, AT&T Corp. shall immediately terminate transmissions and notify the FCC in writing.
5. Transmitter(s) must be turned off during antenna maintenance to ensure compliance with the FCC-specified safety guidelines for human exposure to radiofrequency radiation in the region between the antenna feed and the reflector.
6. The licensee shall take all necessary measures to ensure that the antenna does not create potential exposure of humans to radiofrequency radiation in excess of the FCC exposure limits defined in 47 CFR 1.1307(b) and 1.1310 wherever such exposures might occur. Measures must be taken to ensure compliance with limits for both occupational/controlled exposure and for general population/uncontrolled exposure, as defined in these rule sections. The FCC's OET Bulletin 65 (available on-line at www.fcc.gov/oet/rfsafety) provides information on predicting exposure levels and on methods for ensuring compliance, including the use of warning and alerting signs and protective equipment for workers.
7. Grant of this authorization is without prejudice to any determination that the Commission may make regarding pending application FCC IBFS File Number SES-LIC-20180415-00349.
8. This action is issued pursuant to Section 0.261 of the Commission's rules on delegated authority, 47 C.F.R. § 0.261, and is effective immediately.

FCC NOTICE REQUIRED BY THE PAPERWORK REDUCTION ACT

The public reporting for this collection of information is estimated to average 2 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the required data, and completing and reviewing the collection of information. If you have any comments on this burden estimate, or how we can improve the collection and reduce the burden it causes you, please write to the Federal Communications Commission, AMD-PERM, Paperwork Reduction Project (3060-0678), Washington, DC 20554. We will also accept your comments regarding the Paperwork Reduction Act aspects of this collection via the Internet if you send them to PRA@fcc.gov. PLEASE DO NOT SEND COMPLETED FORMS TO THIS ADDRESS.

Remember – You are not required to respond to a collection of information sponsored by the Federal government, and the government may not conduct or sponsor this collection, unless it displays a currently valid OMB control number or if we fail to provide you with this notice. This collection has been assigned an OMB control number of 3060-0678.

THE FOREGOING NOTICE IS REQUIRED BY THE PAPERWORK REDUCTION ACT OF 1995, PUBLIC LAW 104-13, OCTOBER 1, 1995, 44 U.S.C. SECTION 3507.

EXHIBIT 1
REQUEST FOR SPECIAL TEMPORARY AUTHORITY

AT&T Corp. (“AT&T”) respectfully requests a grant of special temporary authority (“STA”)¹ for 60 days commencing April 23, 2018 to operate a 9.2 meter transmit/receive Ku-Band earth station in Castle Rock, Colorado prior to grant of its pending license application.² The pending license application contains complete technical details regarding the proposed earth station, which are incorporated by reference here. For purposes of this STA, the point of communication will be the Galaxy 16 satellite at orbital position 99° W.L. (Call Sign S2687). The 24/7 emergency contact is Steve Blackson, who can be reached at (303) 886-8144 or (720) 565-7202.

Grant of special temporary authority will serve the public interest because the earth station will serve as a VSAT hub gateway and will support AT&T network backup and recovery functions. AT&T understands that all operations pursuant to a grant of special temporary authority will be on a non-interference basis. AT&T does not anticipate that operation of the earth station will cause any harmful interference or adversely affect any other authorized users. AT&T further understands that any grant of special temporary authority will be without prejudice to the underlying pending license application.

¹ AT&T has filed this STA request, an FCC Form 159, and a \$200.00 filing fee electronically via the International Bureau’s Filing System.

² See File No. SES-LIC-20180415-00349.
