Re: Request for Further Extension of Special Temporary Authority  
18-inch Ku-band Vehicle-mounted Earth Station Antenna, Call Sign E170121

Dear Ms. Dortch:

Intelsat License LLC (“Intelsat”) requests an additional 30 days of the Special Temporary Authority (“STA”)<sup>1</sup> previously granted Intelsat to utilize a vehicle-mounted 18-inch Rantec Airborne SATCOM terminal to communicate with Intelsat 29e (Call Sign S2913) while the vehicle is in motion in Maryland, Virginia, West Virginia, North Carolina, South Carolina, Georgia, and Florida to test a new product.<sup>2</sup> All testing will continue to occur on the ground and will continue to be performed in the following frequency bands: 14.0-14.5 GHz and 11.7-12.2 GHz.

Intelsat has received an Earth Stations Aboard Aircraft permanent license for this antenna.<sup>3</sup>

In further support of this further extension request, Intelsat incorporates by reference, Exhibit A, a radiation hazard analysis report submitted with its original STA request. Additionally, Intelsat will not operate within 125 km of any Tracking and Data Relay Satellite System sites. To minimize any potential interference, operations under this STA extension will continue to conform to the Commission’s Part 25 Vehicle-Mounted Earth Stations rules.

---

<sup>1</sup> Intelsat has filed this STA request, an FCC Form 159 and a \$200.00 filing fee electronically via the International Bureau’s Filing System.

<sup>2</sup> See *Policy Branch Information; Actions Taken*, Report No. SES-02078, File No. SES-STA-20180618-01476 (July 11, 2018) (Public Notice); *Policy Branch Information; Actions Taken*, Report No. SES-02066, File No. SES-STA-20180518-00713 (May 30, 2018) (Public Notice); *Policy Branch Information; Actions Taken*, Report No. SES-02058, File No. SES-STA-20180220-00151 (May 2, 2018) (Public Notice).

<sup>3</sup> The FCC authorized Intelsat to operate the Rantec Airborne SATCOM terminal to provide advanced mobile broadband services to aircraft using Ku-band frequencies under an earth stations aboard aircraft blanket license. See *Policy Branch Information; Actions Taken*, Report No. SES-01999, File No. SES-LIC-20170626-00682 (Oct. 11, 2017) (Public Notice).

Grant of this STA further extension request will allow Intelsat to continue testing a new product. This, in turn, will help provide customer service and thereby promotes the public interest.

Please direct any questions regarding this STA further extension request to the undersigned at (703) 559-6949.

Respectfully submitted,

*/s/ Cynthia J. Grady*
