BlackSky Global Inc. is granted special temporary authority beginning November 19, 2018 for 60 days to operate a fixed earth station in North Pole, AK with the Global 1 and Global 2 NGSO satellites (S3032) on center frequencies 401.5 and 401.375 MHz (space-to-Earth); and in the 449.75-450.25 MHz, 8025-8400 MHz (space-to-Earth), 2025.0-2110.00MHz (Earth-to-space); and in the 8025-8400 MHz (space-to-Earth) frequency bands under the following conditions.

1. Operations, shall not cause harmful interference to or claim protection from other lawfully operating stations and it shall cease transmission(s) immediately upon notice of such interference.
2. In the event of any harmful interference under this grant of STA, BlackSky Global Inc. must cease operations immediately upon notification of such interference, and must inform the Commission, in writing, immediately of such an event.
3. Operations on center frequencies 401.375 and 401.5 MHz are subject to conditions of coordination with NTIA.
4. Operations in the band 2025-2110 MHz shall not cause harmful interference to TV Auxiliary Broadcasting (74F), Cable TV Relay (78), Local TV Transmission (101J).
5. Operations in the band 449.75-450.25 MHz for the space operation service (Earth-to-space) are subject to agreement obtained under No. 9.21.
6. Grant of this authorization is without prejudice to any determination that the Commission may make regarding pending or future BlackSky Global Inc. applications.
7. Any action taken or expense incurred as a result of operations pursuant to this STA is solely at BlackSky Global Inc.'s risk.
