Re: C-Band Certification

To Whom it May Concern:

GCI Communication Corp. ("GCI") is an operator of fixed-satellite service (FSS) earth stations in the 3.7-4.2 GHz band that are licensed or registered (authorized) in the International Bureau Filing System (IBFS). Pursuant to Public Notice DA 19-278, GCI is submitting this certification for the relevant call signs, file numbers, and applicant or registrant names that are listed in Attachment A.¹

The undersigned, individually and for the applicant, licensee, or registrant, hereby certifies that all information reflected in his or her licenses or registrations in IBFS, including any attached exhibits, are true, complete and correct to the best of his or her knowledge and belief, and have been made in good faith.²

¹ See *Deadline for Submission of Information on Earth Station and Satellite Use of the 3.7-4.2 GHz Band*, Public Notice, DA 19-278 (rel. Apr. 11, 2019) Because "[e]arth station operators that filed for new or modified licenses or registrations between April 19, 2018 and October 31, 2018, using the processes outlined in the *Earth Station Filing Window Public Notices*, are exempt from this certification requirement," GCI excludes from this certification earth stations for which a new or modified license or registration was filed during that applicable time period. *Id.* at 2.

² *Id.* At 1.

Please direct any questions to the undersigned.

Rick Hitz
