FCC NOTICE REQUIRED BY THE PAPERWORK REDUCTION ACT

The public reporting for this collection of information is estimated to average 2 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the required data, and completing and reviewing the collection of information. If you have any comments on this burden estimate, or how we can improve the collection and reduce the burden it causes you, please write to the Federal Communications Commission, AMD-PERM, Paperwork Reduction Project (3060-0678), Washington, DC 20554. We will also accept your comments regarding the Paperwork Reduction Act aspects of this collection via the Internet if you send them to PRA@fcc.gov. PLEASE DO NOT SEND COMPLETED FORMS TO THIS ADDRESS.

Remember – You are not required to respond to a collection of information sponsored by the Federal government, and the government may not conduct or sponsor this collection, unless it displays a currently valid OMB control number or if we fail to provide you with this notice. This collection has been assigned an OMB control number of 3060-0678.

THE FOREGOING NOTICE IS REQUIRED BY THE PAPERWORK REDUCTION ACT OF 1995, PUBLIC LAW 104-13, OCTOBER 1, 1995, 44 U.S.C. SECTION 3507.

12. Description

COMSAT, Inc. respectfully requests extension of Special Temporary Authority to operate the Santa Paula Teleport Hub antennas which are the subject of application for permanent authorization under file number SES-MOD-20190513-00605 to communicate with the Eutelsat 117 WA (S2873) at 116.8 W.L. and SES-1 (S2807) at 101 W.L. satellites in the standard Ku-band. Eutelsat 117 WA (S2873) at 116.8 W.L. SES-1 (S2807) at 101 W.L.

Applicant: COMSAT, Inc.

(or other identifier)
Term Dates
From: 10-17-19 To: 11-16-19
Approved: Paul E. Hines

COMSAT, Inc. ("COMSAT") is granted extension of Special Temporary Authorization for 60 days to operate four new hub antennas, identified in the pending IBFS File No. SES-MOD-20190513-00605, that are located at its earth station in Santa Paula, CA. The antennas will operate with Eutelsat 117WA (Call Sign S2873) at orbital location 116.8°W and SES-1 (Call Sign S2807) at orbital location 101°W in the 14000-14500 MHz (Earth-to-space) and 11700-12200 MHz (space-to-Earth) frequency bands under the following conditions:

1. Operations shall not exceed power and emission designators for the proposed added antennas:
SAPA10Ku, 4.6-m Andrews, 55.0 dBi at 14.25 GHz antenna transmit gain, 358.5W total input power at antenna flange, 79.0 dBW total maximum output eirp for all carriers;
SAPA08Ku, 4.8-m Vertex, 55.2 dBi at 14.25 GHz antenna transmit gain, 400W total input power at antenna flange, 79.2 dBW total maximum output eirp for all carriers;
SAPA19Ku and SAPA40Ku, 7.3-m General Dynamics, 58.2 dBi at 14.25 GHz antenna transmit gain, 750W total input power at antenna flange, 85.1 dBW total maximum output eirp for all carriers.
2. All operations shall be on an unprotected and non-harmful interference basis, COMSAT, shall not cause harmful interference to, and shall not claim protection from, interference caused to it by any other lawfully operating station and it shall cease transmission(s) immediately upon notice of such interference and must inform the Commission, in writing, immediately of such an event.
3. The licensee shall take all necessary measures to ensure that the antennas do not create potential exposure of humans to radiofrequency radiation in excess of the FCC exposure limits defined in 47 CFR §§1.1307(b) and 1.1310 wherever such exposures might occur. Measures must be taken to ensure compliance with limits for both occupational/controlled exposure and for general population/uncontrolled exposure, as defined in these rule sections. Compliance can be accomplished in most cases by appropriate restrictions, such as fencing. Requirements for restrictions can be determined by predictions based on calculations, modeling, or by field measurements. The FCC's OET Bulletin 65 (available on-line at www.fcc.gov/oet/rfsafety) provides information on predicting exposure levels and on methods for ensuring compliance, including the use of warning and alert signs and protective equipment for workers.
4. Grant of this STA is without prejudice to any determination that the Commission may make regarding COMSAT's pending associate application FCC IBFS File Number SES-MOD-20190513-00605 or future COMSAT applications.
5. Any action taken or expense incurred as a result of operations pursuant to this STA is solely at COMSAT's risk.

6. Operations of this station during the period from expiration of October 29, 2019, IBFS file number SES-STA-20190819-01064, to the grant of this special temporary authority was authorized pursuant to Section 1.62 of the Commission's rules, 47 C.F.R. § 1.62.

This action is issued pursuant to Section 0.261 of the Commission's rules on delegated authority, 47 C.F.R. §0.261, and is effective upon release.

COMSAT, Inc.

Request for Extension of Special Temporary Authority to
Operate Santa Paula Teleport Ku-band Hub Antennas While Application for Permanent
Authorization is Pending

File Number SES-STA-20190819-01064

Call Sign E930320

COMSAT, Inc. ("COMSAT") respectfully requests extension of Special Temporary Authority ("STA") effective October 29, 2019 to allow COMSAT to operate the Santa Paula Teleport Hub antennas which are the subject of application for permanent authorization under file number SES-MOD-20190513-00605 to communicate with the following satellites in the standard Ku-band:

Eutelsat 117 WA (S2873) at 116.8 W.L.
SES-1 (S2807) at 101 W.L.

COMSAT's Showing that the antennas comply with the Commission's Rules is set forth in the pending Application and Exhibits to same which are hereby incorporated by reference. As detailed therein, all fully comply with all Commission Regulations and no waivers are needed or requested for operation of the antennas. Grant of this STA is in the public interest as services to be provided utilizing these antennas include contingency and dedicated link communications for major U.S. corporations as well as support of nuclear proliferation treaty compliance monitoring.

Accordingly, Comsat respectfully requests that the International Bureau grant the STA to be effective October 29, 2019 for a period of sixty (60) days. Operation of the antennas will be in full compliance with the Commission's Rules as well as all provisions of the E930320 license.

Any questions with respect to this matter may be directed to Howard Wisniewski at 805-933-4030 or James G. Lovelace at 571-599-3643.
