Re: *SpaceX Services, Inc., IBFS File Nos. SES-STA-20191209-01678 through -01682*

Dear Ms. Dortch:

In the above referenced applications, SpaceX Services, Inc. (“SpaceX”) has requested an extension of several Special Temporary Authorizations (“STAs”) to allow its earth stations to communicate with space stations recently launched by its sister company, Space Exploration Holdings, LLC, during orbit-raising, de-orbit, and initial operations. Given that more space stations are scheduled to be launched in the near future, SpaceX requests that these STAs be extended to cover communications with those additional spacecraft as well for all of the reasons stated in the pending STA requests.

If you have any questions, please do not hesitate to contact me.

Respectfully submitted,

William M. Wiltshire  
*Counsel to SpaceX*
