File No.: SES-STA-20200330-00348
Special Temporary Authority

GUSA License LLC (GUSA) is granted special temporary authority for 60 days commencing April 10, 2020 to operate an additional gateway earth station antenna at its Clifton, TX gateway site to test and validate two new waveforms for use over the Globalstar MSS satellite network (S2115) in the 5096-5250 MHz (Earth-to-space) and 6900-7055 MHz (space-to-Earth) frequency bands under the following conditions:

1. All operations under this grant shall be on an unprotected and non-harmful interference basis.
2. Out of band emissions must not exceed current Globalstar MSS satellite network (S2115) levels.
3. In the event of any harmful interference as a result of operations under this grant, GUSA, shall cease operations immediately upon notification of such interference and shall immediately inform the Commission, in writing, of such an event.
4. Grant of this STA is without prejudice to any determination that the Commission may make regarding pending or future GUSA applications.
5. Any action taken or expense incurred as a result of operations pursuant to this STA is solely at GUSA's risk.

This grant is issued pursuant to Section 0.261 of the Commission's rules on delegated authority, 47 C.F.R. § 0.261, and is effective upon release.
