Dear Ms. Dortch:

This letter supplements the application of ISAT US Inc. (hereinafter “Inmarsat”) for special temporary authorization captioned above.

First, Inmarsat’s 24-hour point of contact in the United States to address unanticipated interference issues is Ananda Mishra, +1 808 638-5820. Further, Inmarsat’s London Network Operations Center may be reached at any time at +44 20 7728 1616. These facilities may be reached during the requested operations to address any unanticipated interference concerns.

Second, because of scheduling delays, Inmarsat now seeks authority for a 30-day period commencing June 30, 2020 (changed from the initially requested date of June 22).

Please contact me with any questions regarding the requested authorization, the captioned application, or this supplement.

Sincerely,
