

## **Prior Use STA Request**

KWES Television, LLC requests prior use special temporary authority (Prior Use STA) to operate the temporary fixed earth station. An application for license is pending under call sign E202137 (see File Number SES-LIC-20200724-00797). A copy of the application's Form 312, Schedule B is attached.

As the one-year anniversary of the mass shooting at the Walmart store in El Paso, Texas, approaches, KWES Television, Inc. intends to provide the public with full coverage of events commemorating the anniversary of this tragedy. Many community events are planned to show how the citizens of El Paso have pulled together since the incident and how the community has changed. As concerns regarding the rise in COVID-19 cases in the State of Texas increase, KWES seeks to serve the public interest with full coverage of the Healing Garden, which honors the 23 victims, the El Paso United Family Resiliency Center, and the community's walk to remember. KWES' coverage of these events serves the public interest by helping to bring the community of El Paso together in a manner that will limit potential crowd sizes and the potential spread of the disease. The station's coverage will also serve as a hub for all TEGNA stations, and NBC affiliates upon request.
