**Re: Submission pursuant to Section 1.65 of the Commission's Rules;
File Nos. SES-LIC-20210628-00992 and SES-AMD-20210817-01483
(Call Sign E210125) and SES-STA-20210601-00877**

Dear Ms. Dortch:

Pursuant to Section 1.65 of the Federal Communications Commission's ("Commission") rules, 47 C.F.R. § 1.65, Speedcast Communications, Inc. ("Speedcast") hereby clarifies its request to conduct lower-power operations pursuant to the above-referenced applications.

Speedcast only seeks to use the 6227-6263 MHz band with a single satellite point of communication (EUTELSAT 113 WEST A, licensed in Mexico) for its lower-power operations and, therefore, is coordinating uplink operations in that band with potentially affected terrestrial licensees. Speedcast has attached an updated draft Form 312 to reflect transmit operations in that band only. Speedcast also updates the Form 312 to provide the street address of the building where the earth station will be sited. No other changes have been made to the Form 312.

Speedcast will update the Commission with respect to the coordination status of its proposed lower-power operations as soon as possible.

Please do not hesitate to contact me with any questions regarding this matter.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Carlos M. Nalda".
