

Intelsat License LLC
Request for Extension of Special Temporary Authority

Intelsat License LLC (“Intelsat”) herein requests an additional 180 days of Special Temporary Authority (“STA”) to operate up to 250 Hughes HL1100W 0.43m equivalent Ku-band flat panel antennas throughout the United States and its territories for testing, demonstrations, and service.¹

Specifically, Intelsat requests STA consistent with the scope of authority previously granted by the Federal Communications Commission,² as described in the prior grant of authority attached with this application in the International Communications Filing System.

Grant of this STA extension is in the public interest because it will allow Intelsat to continue to test new equipment and provide customer demonstrations and service.

Respectfully submitted,

/s/ Cynthia J. Grady
Cynthia J. Grady
Assistant General Counsel
SES Americom, Inc.

on behalf of Intelsat License LLC
