| <b>Operations under this grant must comport with the legal and technical specifications set forth by the applicant or petitioner and with Federal Communication Commission's rules not waived herein. This grant is also subject to the following conditions:</b><br><br>1. STA operations must not exceed the operational power levels and parameters requested and coordinated, and must comport with the technical specifications described in the underlying application, as amended, except as conditioned in this grant of STA<br><br>2. STA operations must use the minimum power level necessary to establish communications links in order to minimize potential interference to licensed users.<br><br>3. All operations under this grant of STA must be on an unprotected and non-interference basis (NIB), i.e., Intelsat must not cause harmful interference to and must not claim protection from interference caused to it by any other lawfully operating station.<br><br>4. In the event of any harmful interference caused by operations under this grant of STA, Intelsat must immediately cease operations upon notification of such interference. Intelsat must immediately inform the Commission, in writing, of such an event.<br><br>5. The 24/7 point of contact in the United States, with authority and ability to cease all emissions, for this operation is Mr. Thomas Prichard at +1 (404) 381-2820.<br><br>6. STA operations must be in compliance with earth station applicable operations allowed by the space station authorization(s) or grant(s), including all relevant conditions, waivers, and findings therein.<br><br>7.
