

ATTACHMENT TO GRANT
 Viasat, Inc.
 ICFS File No. SES-STA-20260320-00814

ICFS File No(s):	SES-STA-20260320-00814	GRANTED - With Conditions  Space Bureau
Licensee/Grantee:	Viasat, Inc.	
Call Sign:	E240159	
Satellite Name:	The Permitted Space Station List and Telstar 19 VANTAGE (T19V) satellite	
Orbital Location: (required station-keeping tolerance)		
Administration:		
Nature of Service:		
Scope of Grant:	ViaSat, Inc. ("ViaSat") is granted an additional 60-day special temporary authority (STA), to operate the M40 and GM40 aeronautical earth stations in motion (ESIM), and 10 fixed earth station reference antennas throughout the contiguous United States (CONUS) and U.S. flagged aircraft outside the United States.	
Service Area(s):	Throughout the contiguous United States (CONUS) and U.S. flagged aircraft outside the United States	
Frequencies:	Operations will be performed in the following frequency bands: The Permitted Space Station List: 28.35–28.6 GHz (Earth-to-space) 29.5–30.0 GHz (Earth-to-space) 18.3–18.8 GHz (space-to-Earth) 19.7–20.2 GHz (space-to-Earth) The Telstar 19 VANTAGE (T19V) satellite: 17.8–18.3 GHz (space-to-Earth)	
Operations under this grant must comport with the legal and technical specifications set forth by the applicant or petitioner and with Federal Communication Commission's rules not waived herein. This grant is also subject to the following conditions: 1. STA operations must not exceed the operational power levels and parameters requested and coordinated, and must comport with the technical specifications described in the underlying application, except as conditioned in this grant of STA. 2. STA operations must use the minimum power level necessary to establish communications links in order to minimize potential interference to licensed users. 3. All operations under this grant of STA must be on an unprotected and non-interference basis (NIB), i.e., ViaSat must not cause harmful interference to and must not claim protection from interference caused to it by any other lawfully operating station. 4. In the event of any harmful interference caused by operations under this grant of STA, ViaSat must immediately cease operations upon notification of such interference. ViaSat must immediately inform the Commission, in writing, of such an event. 5. STA operations with the T19V satellite are limited to serving U.S. flagged aircraft outside the United States territory. 6. Operation in the territory or airspace of any country other than the United States must be in compliance with the applicable laws, regulations, and licensing procedures of that		

country, as well as with the conditions of this authorization.

7. ESAAs in aircraft on the ground must not transmit at elevation angles less than three degrees. There is no minimum angle of antenna elevation for ESAAs while airborne.

8. The 24/7 point of contact in the United States, with authority and ability to cease all emissions, for this operation is +1 (720) 493-7300.

9. STA operations must be in compliance with earth station applicable operations allowed by the space station authorization(s) or grant(s), including all relevant conditions, waivers, and findings therein.

10. STA operations since the expiration of the previous STA and the commencement of this STA were authorized as continuing operations under 47 CFR § 1.62.

This grant is issued pursuant to Section 0.261 of the Commission's rules on delegated authority, 47 CFR § 0.261, and is effective upon release. This STA is authorized pursuant to the Commission's rule 47 CFR § 25.120.
