

Intelsat License LLC
Request for Extension of Special Temporary Authority

Intelsat License LLC (“Intelsat”) herein requests an additional 30 days of Special Temporary Authority (“STA”) to operate a 0.65m Ku-band antenna at its Ellenwood, Georgia teleport for stationary testing.¹

Specifically, Intelsat requests STA consistent with the scope of authority previously granted and extended by the Federal Communications Commission,² as described in the prior grant of authority attached with this application in the International Communications Filing System.

Grant of this STA extension is in the public interest because it will allow Intelsat to continue to continue to test new equipment.

Respectfully submitted,

/s/ Cynthia J. Grady
