Moynk Properties, LLC
E202006
Request for 30-day Extension of Special Temporary Authority ("STA")

Moynk Properties, LLC ("Moynk") respectfully seeks an additional 30 days of STA to add ICEYE's space station systems licensed under Call Sign S00806[1] as an additional point of communication to its fixed earth station located in Kapolei, Hawaii (the "Kapolei Earth Station"; Call Sign E202006).[2]

Grant of this STA is in the public interest because it will enable Moynk to support ICEYE in accordance with its mission objectives.

Consistent with Section 1.62 of the Federal Communications Commission's rules,[3] Moynk will continue communicating with the ICEYE space station systems licensed under Call Sign S00806 pursuant to the terms and conditions of its expiring STA pending grant of the instant extension request.[4]

Earth Station Location
The Kapolei Earth Station is located at:
21° 20' 11.6" N
158° 05' 23.6" W

Frequency Information
The Kapolei Earth Station would communicate with the satellites associated with Call Sign S00806 utilizing the following frequencies:

Uplink
Center Frequency: 2086.9 MHz
Emission Designator: 1M20G1D
Polarity: RHCP
Max EIRP Per Carrier (dBW): 43
Max EIRP Density Per Carrier (dBW/4 kHz): 18.23
