## **12. Description**

Unique Shopping Network is in the process of purchasing a KU uplink satellite truck and needs to broadcast to the public by September 20th. It is imperative and of great interest to the public as we have been promoting this network. Filings for the actual FCC lisc. have been submitted and it is of dire consequence to our network that we are able to start broadcasting this week and continue until such time as we receive our grant. By not braodcating starting this week will cause immediate financial implications.
