

Globecomm License Sub LLC  
Hauppauge, NY AOT-10 Earth Station License, E990402  
Request for Extension of Special Temporary Authority

### NARRATIVE STATEMENT

Globecomm License Sub LLC (“Globecomm”) requests an additional 60 days, beginning February 6, 2019, of Special Temporary Authority (“STA”) previously granted for Globecomm to communicate with the Eutelsat 65 West A (“E65WA”) satellite through its Hauppauge, New York AOT-10 Earth Station (Call Sign E990402) using International Telecommunication Union (“ITU”) Appendix 30B Ku-band frequencies at 10.7-10.95 GHz and 12.75-13.25 GHz.<sup>1</sup>

Globecomm has filed an application to modify its Hauppauge, NY AOT-10 Earth station license to add the E65WA satellite as an authorized point of communication and use the ITU Appendix 30B Ku-band frequencies on a permanent basis, which remains pending before the Commission.<sup>2</sup>

Pursuant to Section 1.62 of the Commission’s rules, Globecomm will continue to operate pursuant to the terms and conditions of its existing STA pending action on this timely filed renewal request.<sup>3</sup>

In support of this extension request, Globecomm incorporates by reference its pending application to modify its Hauppauge, NY AOT-10 Earth station license. The pending application demonstrates requested operations comply with the Table of Allocations, FCC rules, and the provisions of ITU Appendix 30B, and that the proposed operations will not cause harmful interference to any lawfully operating facility.

<sup>1</sup> See *Satellite Communications Services Information; Actions Taken*, Public Notice, Report No. SES-02122, File No. SES-STA-20181129-03344 (Dec. 12, 2018).

<sup>2</sup> See Globecomm License Sub LLC, Application to Add the Eutelsat 65 West A Space Station as an Authorized Point of Communication and Add New Ku-Band Frequencies, Call Sign E990402, File No. SES-MFS-20180911-02588 (filed Sept. 11, 2018).

<sup>3</sup> 47 C.F.R. §1.62.

Grant of this STA extension request will serve the public interest by allowing Globecom to continue providing international video distribution services to the Caribbean region in response to growing customer demand. In addition, grant will provide the Commission with additional time in which to continue processing the permanent license application.
