

## **EXHIBIT F**

### **PUBLIC INTEREST**

As discussed in Exhibit E, licensee Convergent Media Systems Corporation is a leader in video integration services in the enterprise market. It uses its FCC-licensed earth stations to provide enterprise video communications services to well-recognized national corporations for the purpose of internal corporate communications, employee training, and time-sensitive executive communications.

The public interest will be served by grant of the proposed transfer of control because it will provide Convergent Corporation with new ownership and support from one of the world's most innovative companies with a long-standing and strong U.S. presence. Grant of the application will ensure continued, uninterrupted and seamless service to customers of Convergent Media Systems Corporation. No change in the technical facilities or manner of usage of the earth station licenses will occur as a result of the grant of the proposed transfer of control.
