

NOTIFICATION OF TRANSFER OF CONTROL

D&E Communications, Inc. (“Transferor”) and Windstream Corporation (“Transferee”) hereby notify the Commission that on November 1, 2009, they effectuated the transfer of control of D&E Systems, Inc., including receive-only earth stations E080023 and E090091. This transfer of control was part of a larger transaction — previously determined to serve the public interest, convenience, and necessity — in which the Transferor acquired control of the assets and operations of the Transferee generally.¹
