

*Response to Question 42a*

Stratos Offshore Services Company holds a satellite radio earth station license that has a point of communication with a non-U.S. licensed satellite as follows:

Call Sign: E980235

Non-U.S. Licensed Satellite: New Skies Satellite, NSS-7 (Netherlands-licensed)

The non-U.S. licensed satellite is on the ALSAT permitted space station list, <http://www.fcc.gov/ib/sd/se/permitted.html>.
