

Exhibit F
FCC Form 312
Page 1 of 2

The parties to this application request Federal Communications Commission consent to the involuntary transfer of control of TelAlaska Incorporated (“TelAlaska” or “Licensee”), with respect to Domestic Satellite Earth Station E080229, from Patrick L. Eudy (“Transferor”) to Jane R. Eudy, Personal Representative of the Estate of Patrick L. Eudy (“Ms. Eudy” or the “Personal Representative” or “Transferee”).

The involuntary transfer of control occurred on June 20, 2013, upon the death of Patrick L. Eudy. Prior to his death, Mr. Eudy voted 100 percent of the stock of American Broadband Communications, LLC, which in turn voted 95.12 percent of the stock of American Broadband Holding Company. As a result, prior to his death, Mr. Eudy exercised indirect *de jure* control over Licensee.

To the extent deemed necessary, the parties request a waiver of Section 25.119(d) of the Commission’s rules to permit the filing, acceptance and processing of the instant application more than 10 days following the death of Mr. Eudy. Grant of this application will permit TelAlaska to be able to continue operation of station E080229 so that it can provide two-way voice and data services, which represent life-line communications and the only communications link with the outside world for many of its subscribers in rural/remote areas of Alaska. The communities that are served by this system are located in extremely remote areas of Alaska and the system provides TelAlaska’s customers with their only access to voice and data, Internet, and video conference services. TelAlaska provides services to two (2) common carriers as well as 16 businesses, five (5) schools, a healthcare clinic, approximately 1,200 Internet customers and approximately 1,175 cellular customers. Grant of this application will prevent a substantial disruption to these vital communications services that cannot be easily replicated (if at all) – in greater measure due to the remoteness of the communities served, the significant distances from urbanized areas and harsh weather conditions in Alaska. Without these communications services, TelAlaska’s customers would not be able to make calls for emergency services or otherwise obtain critical information via the Internet in the event of an emergency. Accordingly, a waiver of the Commission’s Rules is in the public interest.

Licensee and Ms. Eudy, in her capacity as Personal Representative, are the real parties in interest with respect to this application.

No party to this application is subject to a denial of federal benefits due to a conviction for drug possession or distribution of controlled substances in violation of Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. §862.

Pursuant to Section 1.923(e) of the Commission’s Rules, the Applicants state that this assignment of license application is categorically exempt from environmental processing

Exhibit F
FCC Form 312
Page 2 of 2

under Section 1.1306 of the Commission's Rules because the above-described transactions can have no environmental impact.

Accordingly, it is respectfully submitted that the public interest will be served by a grant of the instant application in order to permit continued operation of these radio facilities which are essential for TelAlaska to provide telecommunications service to its subscribers in Rural Alaska.
