

Public Interest Statement

The applicant respectfully request approval of a transfer of control of the earth station license(s) (the "Earth Stations") as set forth in this application. This application is one of several applications being concurrently submitted to the Media Bureau and Wireless Bureau in connection with the transfer of control of Perpetual Corporation and Allholdco, Inc. as a result of the death of Mr. Joe L. Allbritton.

The Earth Stations are used in connection with the operations of one or more television stations listed in the attached Description of Transaction. Accordingly, grant of this application is in the public interest because it will allow the television stations to continue to use the Earth Stations to provide news, entertainment, and informational programming to their local audiences.
