

**Description of Transaction and Public Interest Statement**

This application seeks Commission consent to the transfer of control of Corporacion Nacional de Radiodeterminacion S.A. de C.V. (“CNR”), licensee of Earth Station license E990397, from QUALCOMM Incorporated (“QUALCOMM”) to Coronado Holdings, LLC (“Coronado”). The transfer of control of CNR will occur as a result of the concurrent transfer of control of its parent, Omnitrac, Inc. (“Omnitrac”) from QUALCOMM to Coronado, consent for which is being requested in a separate application being filed concurrently herewith. Omnitrac is the licensee of the following Earth Station licenses: E050178; E050179; E040139; E880423; E040133; E874276; E890949; E950009; E890948; E000003; E960474; and E000004. Pursuant to a Stock Purchase Agreement dated as of August 21, 2013, between Coronado and QUALCOMM, Coronado will purchase from QUALCOMM all of the issued and outstanding shares of capital stock of Omnitrac. As a result of the proposed transaction, Omnitrac will become a direct, wholly-owned subsidiary of Coronado and CNR will become an indirect subsidiary of Coronado.

Vista Equity Partners, which controls Coronado, has deep experience in managing software, data and technology-enabled businesses in order to drive growth and leadership positions. Commission approval of the proposed transaction will serve the public interest by enabling Omnitrac to continue to provide innovative products, including software applications, platforms and information services, to the fleet management services market.
