

**Exhibit 1: Response to Item 42a**  
**Information as Required by 47 C.F.R. § 25.137**

Because this transfer of control application does not alter the satellite points of communication previously authorized by the Commission, additional information regarding access to foreign-licensed satellites is not required. In addition, to the extent relevant to the Commission's analysis, the transferee, Eutelsat, is organized under the laws of France, a WTO member country.
