

Exhibit F

This application seeks FCC consent to a transfer of control of the earth station license identified at Schedule A, Item A8, of the instant FCC Form 312 (collectively, the “Earth Station”), from the Shareholders of Media General, Inc. to the Post-Merger Shareholders of Media General, Inc. The Earth Station is used in connection with the broadcast operations of a television station for news gathering and coverage of events of interest for the television station’s local community and surrounding service area. As described in Exhibit E to this application, this application is additional to a series of applications that have been filed with and granted by the FCC, including applications filed with the FCC’s Media Bureau requesting Commission consent to the transfer of control of the licensee of the television station associated with the Earth Station.

Upon consummation of the proposed transaction, the Earth Station will continue to be used in the same manner in which it is currently being utilized by the licensee. Therefore, a grant of this Form 312 application would serve the public interest.
