

Public Interest Statement

This application seeks FCC consent to the transfer of control of transmit-receive earth station authorization E040294, Maricopa, AZ (expiration date 5/1/2017), currently licensed to Cable One, Inc. (“Cable One”), in connection with the spin-off of Cable One from Graham Holdings Company (“Graham”) to Graham’s shareholders. The authorization is used in connection with the operations of a cable system owned by Cable One. No change in the operation or use of the earth station will occur as a result of the grant of this proposed transfer of control. Grant of this application will enable the cable system to continue to provide important programming services to subscribers. Accordingly, the public interest would be served by prompt consent to this application.

A separate application has been filed for Cable One’s receive-only earth station authorizations, which are as follows:

Call Sign	Location	Expiration Date
