

*Use of non-US licensed satellites to provide service in the United States*

Transferee, Panasonic Corporation of North America (“PNA”) and Licensee, ITC Global USA, LLC (“ITC USA”) plan to make no change in the Licensee’s use of non-U.S. licensed satellites to provide service in the United States as previously approved by the Commission. PNA and ITC Global further specify that, pursuant to § 25.137(a) of the Commission’s Rules, the only non-U.S. licensed satellites that will be accessed by the Licensee’s earth stations are those included on the FCC’s Permitted Space Station List.
