

**Lead Application Information**

This application is part of series of applications seeking the Commission's consent to transfer two multichannel video businesses of AT&T Inc. ("AT&T") – DIRECTV and U-verse TV – into a standalone entity called New DIRECTV. The full set of exhibits, which includes the Public Interest Statement, can be found in AT&T's application to transfer the control of DIRECTV Enterprises, LLC's Direct Broadcast Satellite Service space station authorizations (call signs S2632, S2669, S2673, and S3039). Applications to transfer the control of wireless services licenses are concurrently being filed in the FCC's Universal Licensing System.
