

Description of Transaction, Public Interest Statement, and Certification

This application seeks Federal Communications Commission (“Commission”) consent to the *pro forma* transfer of control of licenses held by SES Americom, Inc. (“SES Americom”).¹ The proposed transaction will make minor changes to entities in the ownership chain of SES Americom, with ultimate ownership and control remaining with SES S.A. (“SES”). The current and proposed ownership structures are illustrated in the Attachment, along with the address, place of incorporation, and primary business of each entity in the ownership chain.

Grant of this application will serve the public interest by permitting SES to rationalize and streamline its overall corporate structure.

Pursuant to Section 25.119(i) of the Commission’s rules, the parties certify that:

- (1) Approval of the proposed transaction does not require a waiver of, or a declaratory ruling pertaining to, any applicable Commission rule; and
- (2) The proposed transfer of control is *pro forma* and that, together with all previous *pro forma* transactions, it will not result in a change in the actual controlling party.

The instant application should therefore be deemed granted one business day after filing.

¹ In addition to the licenses and authorizations identified herein, SES Americom has various applications pending before the Commission and, prior to the consummation of the proposed transfer of control, may file additional applications or have currently pending applications granted. SES Americom therefore requests that, consistent with Commission precedent, the grant of the instant application include authority for the transfer of control of: (i) all licenses and authorizations issued or assigned to SES Americom prior to the consummation of any approved transaction; and (ii) all applications pending at the time of consummation of the proposed transfer of control. SES Americom will supplement, as necessary, any filed applications that are pending upon the consummation of the proposed transfer of control to reflect the updated company ownership.

ATTACHMENT

Current Ownership

Proposed Ownership
