

EXHIBIT F

This and other concurrently filed applications seek FCC consent to the assignment of license or transfer of control of the earth station license(s) identified at item A8 of FCC Form 312, Schedule A (the “Earth Stations”), as part of an Agreement and Plan of Merger by and among Gray Television, Inc., East Future Group, Inc., Raycom Media, Inc. and Tara Advisors, LLC. The Earth Stations are used in connection with the broadcast operations of television stations for news gathering and coverage of events of interest to the stations’ local communities. The parties to this application have filed assignment of license or transfer of control applications in the Media Bureau’s CDBS electronic filing system for consent to this merger for the licensee of the TV station(s) associated with these Earth Stations. After consummation of the proposed transaction, the licensee will continue to use the Earth Stations in the same manner and for the same purposes as before the merger. Accordingly, grant of this FCC form 312 would serve the public interest.
