Description of Transaction Attachment E

Pursuant to Section 25.119(h) of the Commission's rules, 47 C.F.R. § 25.119(h), US Telecom, Inc. ("US Telecom") and Sprint Communications, Inc. ("SCI") hereby notify the Commission of the *pro forma* transfer of control of earth station authorizations E6241, E6777, KA231, and KA232 held by Sprint Communications Company L.P. ("SCCLP"), which resulted from an internal corporate reorganization involving indirect wholly owned subsidiaries of T-Mobile US, Inc.¹ The transaction, which occurred on December 31, 2020, involved the merger of US Telecom into SCI, with SCI as the surviving entity. This resulted in the *pro forma* transfer of control of SCCLP and its FCC licenses and authorizations.

Attached are charts showing the ownership of SCCLP before and after the transaction.

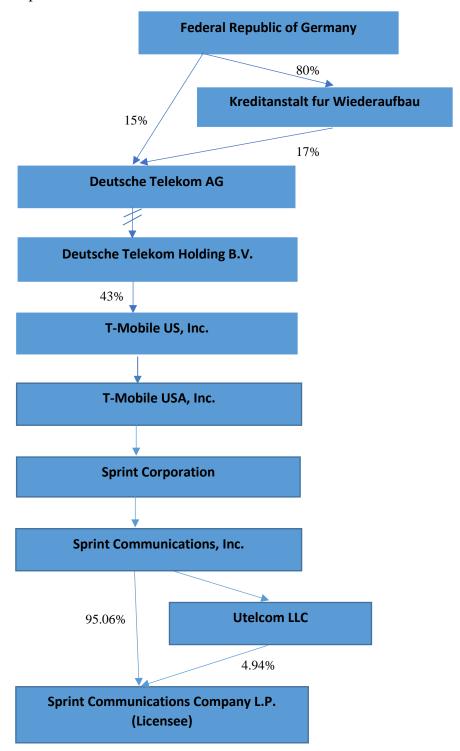

¹ SCCLP also holds FCC licenses that are not subject to forbearance. The Commission approved the *pro forma* transfer of those licenses prior to the transaction occurring. *See* ULS File No. 0009343607.

Pre-Reorganization Ownership:

^{*}All ownership is 100% unless otherwise indicated.

Post-Reorganization Ownership:

^{*}All ownership is 100% unless otherwise indicated.

Public Interest Statement Exhibit F

The transaction described in Exhibit E resulted from a planned internal corporate reorganization involving indirect wholly owned subsidiaries of T-Mobile US, Inc. Because the reorganization did not change the ultimate control of the licensee (it will remain controlled by T-Mobile US), it was *pro forma* in nature.² The Commission has stated that, in situations "where no substantial change of control will result from the transfer or assignment, grant of the application is deemed presumptively in the public interest."³

² Comprehensive Review of Licensing and Operating Rules for Satellite Services, Second Report and Order, 30 FCC Rcd 14713, ¶300 (2015) (refraining from applying the prior approval requirement in Section 310(d) of the Communications Act to *pro forma* assignments and transfers of control of space station and earth station licenses when the licensee qualifies as a "telecommunications carrier.").

³ *Id.* at 6295, ¶ 2. See also 1998 Biennial Review – Review of International Common Carrier Regulations, Report and Order, 14 FCC Rcd 4909, ¶ 42 (1999) (finding that "[r]egulatory review of [pro forma] transactions yields no significant public interest benefits, but may delay or hinder transactions that could provide substantial financial, operational, or administrative benefits for carriers.").
