

### **Exhibit F: Public Interest Statement**

The proposed transfer of control will serve the public interest by placing the subject Earth station license and its parent companies, Interactivation Health Networks, LLC and The Wellness Network (“TWN”), under the ownership of Project Medcon Acquisition Corp. (“PMAC”) which is part of a larger enterprise better positioned to employ these transmission facilities for the continued and expanded distribution of highly valued wellness-oriented video informational programming. TWN plans to continue to provide its existing programming service, which is dedicated to delivering life-enhancing health information that motivates patients to take necessary steps to promote their own healing and well-being, aid hospitals in meeting accreditation requirements and generally improve the overall quality of U.S. health care.

TWN owns and operates the largest and most comprehensive in-hospital health TV networks in the United States, available in more than 1,300 hospitals and on 200,000 screens. In furtherance of this enterprise and the goals it serves, the parties have agreed to transfer control of this enterprise to PMAC, which is an indirect subsidiary of WebMD Health Corp., an affiliate of MH Sub I, LLC d/b/a Internet Brands. The combination of these healthcare related programming and information services will better serve the public interest by enhancing both the financial and informational resources available to develop and deliver the valuable program services that TWN provides to hospital staff and patients throughout the United States. Accordingly, expeditious grant of this application is appropriate
