

Exhibit A

This application seeks FCC consent to the transfer of control of the earth station license(s) identified at item A8 of FCC 312 Schedule A (Call Sign E110106), from Satellite Technology Systems (the “Transferor”) to Peak Uplink (the “Transferee”). The earth station(s) are used for broadcast operations at their respective location.

The transferee will continue to use the Earth Station in the same manner and for the same purpose as before the transfer of license. Accordingly, grant of this FCC Form 312 would serve the public interest.
