CERTIFIED MAIL RETURN RECEIPT REQUESTED

RE: International Signalling Point Code Cancellation, File No. SPC-NEW-20060106-00001

Dear Ms. Melton:

I am writing to notify you that the following International Signalling Point Code (ISPC) provisionally assigned to StarVox Communications, Inc. (StarVox) will be cancelled because we believe that StarVox is no longer using the ISPC:

3-196-6 Dallas, TX

ISPCs are a scarce resource, and we can reclaim them if they are not in use. We have previously determined that StarVox is no longer in business, and we are unable to verify that it is still providing service.¹ Based on the termination proceeding, we believe that StarVox is no longer using the ISPC.

Please respond to this letter within 15 days of the date of this letter, **by May 23, 2019**, to notify us whether StarVox is still using the ISPC provisionally assigned to it. If we do not receive a response by that date, we will cancel the ISPC.

StarVox should file its response in File No. SPC-NEW-20060106-00001 in IBFS at <http://licensing.fcc.gov/myibfs/pleading.do>. StarVox should also send its response to Arthur Lechtman, Telecommunications and Analysis Division, International Bureau at Arthur.Lechtman@fcc.gov; Stacey Ashton, Telecommunications and Analysis Division, International Bureau at Stacey.Ashton@fcc.gov; and me at Francis.Gutierrez@fcc.gov.

If you have any questions, you may call me at (202) 418-7370.

Sincerely,

Francis Gutierrez
Deputy Chief
Telecommunications and Analysis Division
International Bureau
