

214 license explanation

8. Are you a current holder of a 214 license (international telecommunication common carrier)?

My organization is not a U.S international common carriers.

We are not connected to any US-based Mobile Network Operators or carriers.

We do not have any US-based traffic of any kind (voice and SMS)

We do not have voice telecommunication traffic of any kind US or International.

We do not have U.S outbound switched traffic

We do not have U.S inbound switched traffic

We do not have a switch connection with US Mobile Network Operators

All of our traffic is SMS traffic managed through IP based connection with Orange Telecom responsible for STP/SCCP function.

Our traffic is International through Orange "Hub" connection
