RE: Surrender of Authorization for Earth Station License WQ35

Dear Sirs:

Please accept this as notice that ESPN, Inc. is surrendering Earth Station License WQ35, as the analog stations that used this antenna have been decommissioned, and that site is no longer needed. Please feel free to contact me if you have any questions or if ESPN needs to take any further action to accomplish this.

Thank you.

Yours very truly,

Eleanor S. DeVane
Vice President and Associate
General Counsel
