Re: Surrender of the Domestic and International Section 214 Authorizations of U.S.
Satellite Corporation

Dear Ms. Dortch:

On behalf of U.S. Satellite Corporation ("USSC"), this letter surrenders, effective immediately, the Domestic Section 214 Authorization of USSC granted in IB File No. ITC-214-19800919-00001, the International Section 214 Authorization of USSC granted in IB File No. ITC-214-19870904-00001, and the International Section 214 Authorization of USSC granted in IB File No. ITC-214-19910313-00004.

USSC no longer operates as a common carrier. USSC has completed all steps to properly change its regulatory status to a non-common carrier, including notifying customers of this change, filing modifications of its earth station licenses to reflect this change, and taking steps to ensure its business services only emulate those of a non-common carrier. These Section 214 Authorizations, therefore, are being surrendered as an administrative matter to update the FCC's records. Because USSC does not provide any telecommunications services that require Section 214 authority, and therefore has no U.S. customers for these services, USSC is not subject to the customer notification requirements of Sections 63.19 and 63.71 of the Commission's Rules, 47 C.F.R. §§ 63.19, 63.71. Because USSC does not provide domestic or international telecommunications services to common carrier customers, this surrender of Section 214 Authority is reasonable and necessary and will not harm the present or future public interest, convenience, and necessity.

If you have any questions regarding this filing, please contact the undersigned at (612) 492-6533.

Very truly yours,

Kurt G. Whitman
