RE: surrender of 214 Authority

To whom it may concern:

My name is Ruell Medina and I hereby verify that I am an officer/owner and authorized representative of Lucky Communications, Inc. a corporation of the state of California who presently hold the Commission's Authority to provide international prepaid debit card service pursuant to 47 USC section 214 of the Communications Act of 1934 as amended under ITC-217-20000712-00401. At this time the company desires to surrender its authority from the Commission and will no longer offer services as detailed in this request for surrender. All Board and shareholder approvals have been obtained in the making of this request to the FCC.

Lucky Communications, a prepaid debit phone card service has terminated its services effective Jan 1, 2016. We do not have any active customers and have wound down our telecom sales since end of 2015. All active customers were notified September 1, 2015 with the attached notices that Lucky Communications was ceasing operations effective Jan 1, 2016, and all existing prepaid phone card services must be used by that period or the credits were expired.

They were notified through distribution outlets where phone cards were originally sold, as well as email addresses and posting on our website as attached. Sales of prepaid phone cards were ceased as of September 1, 2015. Because our services were all prepaid phone cards, aside from email addresses, we did not have any other method to notify customers other than through distribution outlets and through our website, or email addresses we collected on file.

Respectfully Submitted

Ruell Medina
President
Lucky Communications, Inc.

Dear Valued Lucky Communications Customers,

For the past 15 years, Lucky Comm has dedicated its mission towards providing customers the best possible telecom services at the lowest prices to better assist you in maintaining your communications overseas to friends and loved ones. Because of the advances in modern technology such as free Voice over the Internet Services, email communication, internet chat services and Text message services, the value of prepaid voice services has significantly declined to where it is no longer possible to give the best rates and service competitive to your needs.

Because of the changes that have taken place in the industry since we started Lucky Comm back in 2000, we have made the difficult decision to cease our prepaid phone card services effective 1/1/2016.

All phone cards purchased up to this period will function as intended, but all credits will expire and be forfeited if not used by Jan 1, 2016. We will continue to provide support and ongoing service until that date.

Thank you for your loyalty through all these years as a Lucky Comm customer, and we thank you for your understanding in this difficult decision.

Sincerely,

A handwritten signature in black ink, appearing to read 'Ruell Medina', is written over the word 'Sincerely,'.

Ruell Medina
