Re: Cancellation of earth station registration E190955

Liggett Broadcasting, LLC, the registrant of C band receive only earth station E190955, requests the cancellation of C band registration E190955. Because this earth station wasn't in operation in the 90 day period prior to September 14, 2020, it wasn't possible to certify its eligibility for a lump sum disbursement. The cancellation of this registration should eliminate the "Antenna/Quantity Mismatch" discrepancy noted for Liggett Broadcasting's lump sum disbursement certification in the FCC's October 23 public notice (DA 20-1262).

Please direct any questions regarding this matter to our engineering consultant Roy Stype at 330/659-4440 or rstype@aol.com.

Sincerely,
