**Re: Notice of Nonoperational Status and Surrender of C-band Earth Station Antennas**

Dear FCC:

Please be advised that the C-band earth station antennas Miami E181290 and St. Louis E181377 (the “Antennas”), licensed by Salem Communications Holding Corporation, a subsidiary of Salem Media Group, Inc., are no longer operational and are therefore being surrendered as of the date of this letter. As such, please remove the Antennas from IBFS.

Should you have any questions or need additional information, please do not hesitate to contact me.

Very truly yours,

**SALEM MEDIA GROUP, INC.**
